AI for Grandmas & Complete Beginners

A Warm, Plain-English Guide to ChatGPT, Smartphones & Staying Safe Online

Welcome! Why This Guide Was Written for You

You do not need a computer science degree to enjoy modern technology. Most tech books are written in confusing buzzwords and tiny 9-point font.

This guide is different: every page is set in generous, easy-on-the-eyes 18-point type with clear, everyday examples you can try at your kitchen table.

What Exactly Is 'AI' (ChatGPT) in Plain English?

Think of ChatGPT like a friendly, endlessly patient librarian who sits inside your iPad, phone, or computer.

You simply type—or speak out loud using the microphone button—a normal question just like you would ask a friend:

• 'Can you help me write a sweet birthday card poem for my 8-year-old grandson who loves dinosaurs?'

• 'I have chicken breast, carrots, and potatoes in the fridge. What is an easy 30-minute dinner I can make?'

• 'Can you explain what this medical term on my doctor's summary sheet means in simple words?'

3 Golden Rules for Staying 100% Safe

1. Never type your Social Security Number, bank password, or credit card number into any chat box.

2. Remember that real banks, Medicare, and the IRS will NEVER call or text you demanding immediate gift cards or wire transfers.

3. Treat AI like a helpful recipe & letter-writing assistant, and always double-check important medical or financial decisions with your doctor or family.

Everyday Prompts You Can Try Today

Copy or Speak These Word-for-Word Into Your Device

For Family & Grandkids

• 'Write a 5-minute bedtime story about a brave golden retriever named Max and my granddaughter Lily exploring a magical garden.'

• 'Give me 10 fun trivia questions from the 1960s that our whole family can play after Sunday dinner.'

For Kitchen, Recipes & Grocery Lists

• 'Take my favorite apple crisp recipe for 8 people and cut all the measurements in half for 4 people.'

• 'Make a neat 5-day grocery shopping list organized by produce, dairy, and pantry aisles for under $85.'

For Travel, Hobbies & Gardening

• 'When is the best week in spring to plant basil, tomatoes, and marigolds in Virginia, and how often should I water them?'

• 'Help me write a warm thank-you note to my neighbor for bringing over homemade soup last week.'
