Simple iPad & iPhone Master Guide

Big Text, Easy Photos, FaceTime & Everyday Shortcuts for Seniors

1. How to Make Text Bigger & Easier to Read Instantly

- Open the gray 'Settings' gear icon on your home screen.
- Tap 'Display & Brightness', then tap 'Text Size' at the bottom.
- Slide the round button to the right until the words feel comfortable and effortless to read!

2. Taking, Finding & Sending Family Photos

- Open the yellow/multicolor Flower icon ('Photos') to see every picture you've taken.
- To send a photo to family: tap the photo, tap the little square with an upward arrow in the bottom corner, and tap your family member's name!

3. Using the Microphone Instead of Typing

- Whenever the keyboard appears on screen, tap the little Microphone icon in the bottom corner and simply speak your message out loud!
